

System Topology – Standalone

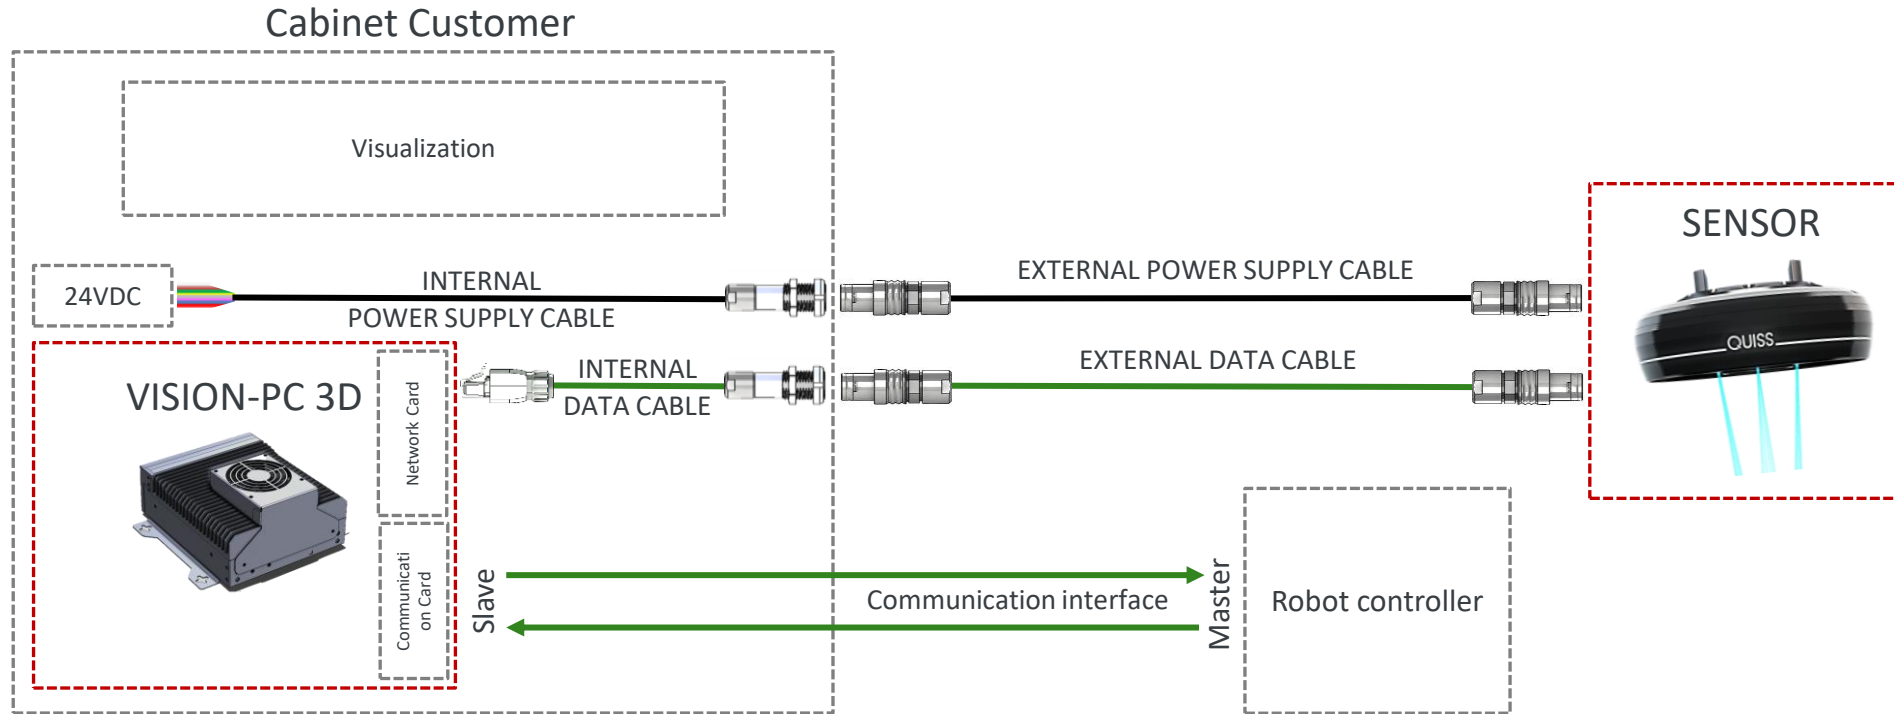

QUISS Components

1. Compact Cabinet
2. Vision Controller 3D
3. External power supply cable (1-, 2- & 3-parted)
4. External data cable (1-, 2- & 3-parted)
5. Sensor

6 electric connection
7 system architecture

System Topology – Integrated

QUISS components

1. Vision-PC 3D
2. Internal power supply cable
3. Internal data cable
4. External power supply cable (1-, 2- & 3-parted)
5. External data cable (1-, 2- & 3-parted)
6. Sensor

7 electric connection
8 system architecture
